### MURAHARI JAYA KRISHNA

Warangal, Telangana 506002 | +91 9063978718 | muraharijayakrishna@gmail.com | www.linkedin.com/in/jayakrishna-murahari

## Professional summary

Aspiring Data Analyst with hands-on experience in Power BI, Python, and Machine Learning. Proficient in data preprocessing, model training, and visualization. Passionate about deriving actionable insights from data to drive decision-making.

## Work Experience

### Data Analyst Intern | Infosys | 2024

- Contributed to data analysis projects using Microsoft Power BI.
- Created interactive dashboards and visualizations to deliver actionable insights.
- Assisted in data modeling and report generation as part of the PL-300 course application.

### Education

### Vaagdevi College of Engineering, Warangal

B.Tech in Computer Science & Engineering | CGPA: 7.12/10 | 2022–2025

### Government Polytechnic College, Warangal

Diploma in CSE | CGPA: 7.45/10 | 2019–2022

# Kiwi Public School, Warangal

CGPA: 8.7/10 | 2018–2019

### **Projects**

### Predicting Dissolved oxygen levels in river water

- Developed a GUI-based machine learning application using Python and Tkinter to predict Dissolved Oxygen levels in river water based on water quality parameters.
- Integrated data preprocessing, correlation analysis, model training (Linear Regression, Random Forest), and performance visualization.
- Implemented user authentication and prediction interface, emphasizing data science, model evaluation and real-time inference

### Groundwater Level Analysis in Telangana

- Collected and cleaned datasets for groundwater levels across Telangana.
- Designed dashboards and visualizations using **Power BI** to analyze and present data insights.
- Performed data modeling and reporting to identify patterns and trends.

# **Skills**

Languages: Python, Java, C Programming, MySQL

Data Tools: Power BI, MS Excel, Pandas, Matplotlib, Seaborn

Web Development: HTML, CSS

Other Tools: MS Word, MS PowerPoint

# Certifications

• Cisco Networking Academy – Data Analytics Essentials

• AWS Academy - Cloud Foundations

• MSME – (E-SDP) on Data Automation, Statistics & Analytics (Python)
